Subject: Cultural Resources Concurrence Request, TM Crushing, LLC Large Mine Notice of Intent, M/049/0091, Utah County, Utah

Dear Ms. Hunsaker:

The Division of Oil, Gas and Mining has received a proposal from TM Crushing LLC to expand their small mine operation to a large mine operation in the Northeast ¼ of Section 17, Township 5 South, Range 1 West, SLM, Utah County, Utah. Enclosed with this letter are copies of the cultural resources survey report, the required cover page, and maps provided by the operator. No photos were included as part of this report.

The survey for cultural resources report indicates that there are 18 cultural resource sites within one mile of the permit area. The consultant's survey found that two of these sites were eligible for listing on the National Register of Historic Places; however, the portions of these sites located within the proposed large mine permit boundary were recommended to be non-contributing to the eligible sites. As such, the Division of Oil, Gas and Mining has determined that there will be **No Adverse Effects** to significant cultural resources, and we seek your concurrence with this determination.

Thank you for your assistance. Please call me at 801-538-5261 if you have questions about this request.

Sincerely,

Paul B. Baker
Minerals Program Manager
